The Garden Suite

The Garden Suite is the result of a multi-million pound project completed in April 2017.

With its own private entrance and terrace overlooking the magnificent gardens, this contemporary room is an impressive example of new and old architecture blending perfectly together.

Beautiful 17th Century archways have been incorporated to provide the framework for several spectacular windows, allowing natural daylight to flood into the room.

The Garden Suite is perfect for accommodating 250+ for private dining and 300+ for a drinks reception.

This flexible function suite has been cleverly designed to divide into two smaller areas making it suitable for large events, more intimate events and functions requiring break out space.

We offer complimentary parking for you and your guests.

With a spacious patio for drinks receptions, state-of-the-art sound and lighting system, air conditioning, an integrated projector and screen and its own bar, the Garden Suite provides you with all the facilities you could possibly need.

The Manor House

Greenwoods Hotel has been lovingly refurbished and extended to provide a traditional venue with a modern twist. The manor house is steeped in history and every care has been taken to ensure the original features - including an impressive sweeping staircase - remain as distinctive as ever.

The Library and Boardroom Suites offer a quintessential setting for your event.

Located within the original 17th Century manor house, these rooms feature high ceilings, decorative chandeliers and original wood panelling.

Perfectly positioned within close proximity to our lounge bar and terrace, these interlinking rooms offer magnificent views over the sweeping lawns.
